

Achieve Great Service

Today's wise organization knows something very special: service is a marketing strategy that leads to customer retention, referrals and relationships. Leaders know that regardless of title, we all serve, and how we serve creates the customer experience that builds our brand reputation and loyalty. And, they know this timeless strategy is essential in today's economy.

Achieve Great Service helps employees and managers alike discover simple, fun, no-cost ways to meet and exceed customer expectations—and transform that service into a marketing and revenue strategy that achieves:

- Retention**—making customers want to keep doing business with you
- Referrals**—giving customers reasons to "brag" to others about their experience
- Relationships**—making customers want to buy more because they trust you.

In ***Achieve Great Service*** participants will learn how to:

- Show up every day serving from a place of “personal best” that inspires the same behavior in customers and co-workers
- Engage in five ways that build relationships and create customers for life
- Use values to connect with customers to deliver your Service Brand Promise
- Identify, meet and find ways to exceed customers' expectations
- Use service to build loyalty to help sell more products and services
- Create a positive, can-do attitude communicated in words, tone and body language
- Stop annoying customers with what can't be done and focus instead on solutions
- Avoid nine killer phrases that destroy the customer experience
- Solve industry specific problems in ways that saves the customer relationship and builds loyalty
- Identify four customer and co-worker communication styles and apply skills to each to help solve problems and build relationships

With a systemized set of service tools—the Service Compass, the Service MAP and JourneyWords™—and 20+ years of successful service training, Dee Dee helps your staff create a service experience that is easy to implement and maintain—all for measurable results at the end of the day.
